

Regarding the Numeracy piece, this is from Aaishi Adhikari. She has shown numerous methods on solving her in focus task. This shows her understanding towards solving a multiplication question.

WALT: multiply by 8. 19/11/2018

**In Focus**

How many children are there?

① 8 groups of 4

②  $8 \times 4 = 32$   
 ~~$4 \times 8 = 32$~~

③

4	8	12	16	20	24	28	32
---	---	----	----	----	----	----	----

④  $4 + 4 + 4 + 4 + 4 + 4 + 4 + 4 = 44$   
 $\swarrow \quad \swarrow \quad \swarrow \quad \swarrow$   
 $8 + 8 + 8 + 8 = 44$

⑤  $32 \div 8 = 4$

⑥  $8 \times 4 = 32 + 4 = 36$   
 ~~$4 \times 8 = 32$~~

Excellent work Aaishi!

Regarding the literacy piece, this is from Chyna Hicks who I feel is showing an improvement from beginning to end in this piece. Once her work was checked and was given oral feedback, Chyna took this on-board and produced an excellent piece of work for her Non Chronological report.
